

EI-7003C Universal Dolly

It comes with fully adjustable leg locks to fit almost all full-size tripods, not only the horseshoe feet but also the nail feet and rubber feet. It features on-step easy lock, locking wheels to secure the tripod.

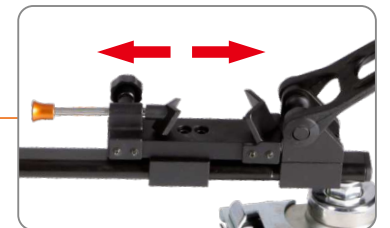

Leg setting rubber.

Pull the knob to extend the dolly, easy to go out.

Each wheel incorporates its own foot-activated brake.

Single-point foot mounts are adjustable along dolly arm for small and large tripods.

The rubber wheels are non-marring during normal use, protecting the floor surface.

High quality aluminum tube.
