

ML-900C+GH03F Carbon Fiber Monopod with Fluid Head

E-IMAGE ML-900C new designed monopod with geared center column is extremely solid and wobble free. Geared center column provides extra height if you need to get your camera high up, it can be used on moving shooting and other events, which is easier to use than hand-head. It integrates the monopod, sticks and low profile tripod into one. Easy to get functions switching and it is a great choice for travel and outdoor shooting.

GH03F Fluid head.

Foam cover on top section of tripods provides a secure and comfortable grip.

Flip type locking system.

Fold-out legs design.
