EI-A51P

Articulating Magic Arm

Overall streamlined appearance, sturdy and durable. The head can be adjusted 360 degrees to meet your needs while remaining flexible and obstruction-free. It can be used with LED light, flash and other accessories. The screw wheel provides quick attaching and fast release, work especially well with EI-A05R clamp.

The EI-A51P is a powerful articulating arm designed for monitors and various accessories, boasting an impressive maximum payload capacity of 5kg.

Ball heads provide 360° rotation and 90° tilt for free positioning.

Ergonomic rigid lockup takes just a quick twist of one control.

1/4"-20 screws with anti-twist ARRI locating pins ensure accessory safety
