

# MONITOR CAGE

## Q200 TWIN

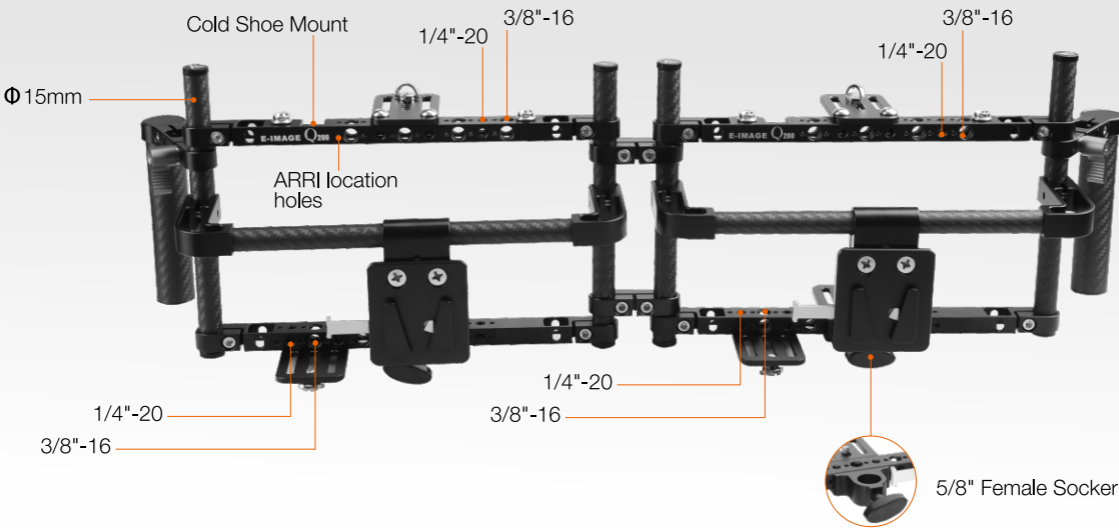

Lightweight

Durable

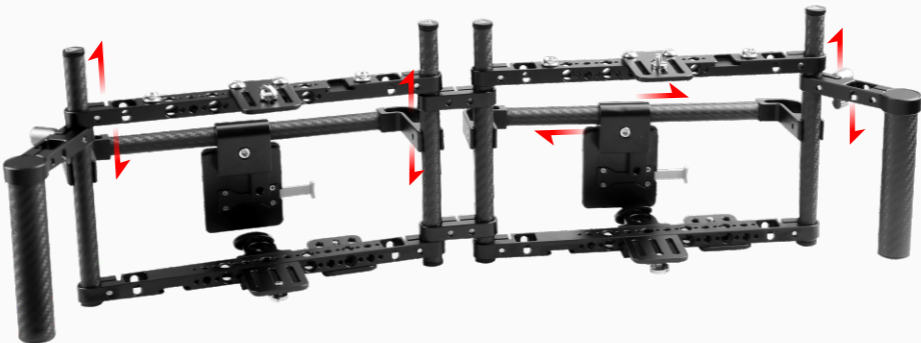

Compatible

E-IMAGE Q200 TWIN is a lightweight and robust monitor support solution, engineered to securely hold two 9-inch monitors. Its carbon fiber construction not only ensures durability but also reduces overall weight, enhancing portability. With ergonomic handgrips, a cushioned neck strap, a V-LOCK battery mount with Dual-B interfaces, and multiple 1/4" and 3/8" mounting threads, it offers enhanced usability and compatibility.

**1** Multiple standard screw holes for attaching different accessories.

**2** Easy adjustable structure makes it compatible with a variety of monitors.

- 3
- V-mount battery plate is mounted.
- 4
- Plenty back space for wireless equipment and others.
- 5
- Swing-away bracket provides easy access to the back.

- 6
- Enclosed sunshade for 7 inch minitors.

\* The sunshade is a universal design for 7" monitors, but it may not fit each monitor 100%.

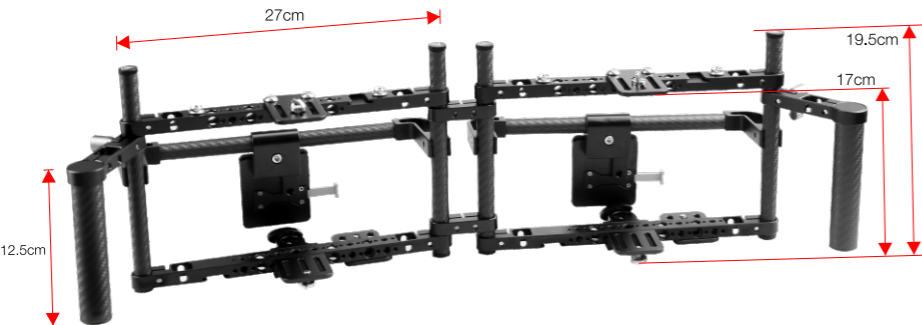

- 7
- Padded quick release neck strap is included.

- 8
- Hi-strength carbon fiber material.
