## TPS-02

### Conference Teleprompter Stand

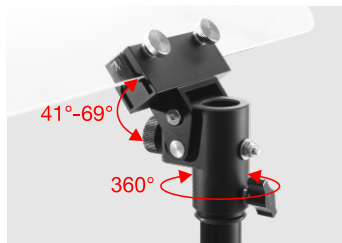

#### Overview

The TPS-02 integrates lockable wheels for swift mobility and stability. Supporting 17"-19" monitors, it boasts a height range of 92-196cm with a unique geared lift for seamless adjustment. Additionally, it features 41°-69° glass tilt and 60:40 beamsplitter glass for stage or touring setups, making it suitable for live broadcasts, exhibitions, and multi-location events, offering a professional "set-and-go" experience.

#### Features

Quick dismantle design for efficient setup.

41°-69° adjustable viewing angles.

360° movement with base wheels.

Gear-Lift with crank for height adjustment.
